DID YOU KNOW?

Newco can address your graffiti concerns with Solar Gard Graffitigard

- Graffitigard protects your windows from becoming damaged from scratches, acid etching, graffiti, etc.
- Acid etching will not be able to stick to windows after installation of film
- Save Money \$\$\$\$\$\$. Replacing anti-graffiti film is generally less expensive than replacing damaged glass
- Has a clear, transparent appearance
- Designed with a special mounting adhesive, which makes removal easy
- Graffitigard offers complete surface protection system for windows, mirrors and any other place subject to damage from vandals
